### **Safety Program Rating Plan - Rule**

The Safety Program Rating Plan is established pursuant to MN Statute 79.253. This plan is applicable to small employers insured in the Assigned Risk Plan. Assigned Risk policyholders meeting the following criteria are eligible for this program, as follows:

- Total estimated annual premium is less than \$15,000; AND
  - The premium rate for their governing classification code is in the top 25% of premium rates for all classification codes; OR
  - The Experience Modification Factor is 1.25 or higher.

The total net debit or credit produced by this rating plan is added to unity then applied multiplicatively to the risk's standard premium (i.e. after the application of the experience rating factor). The result is the risk's net premium.

Assigned Risk Plan policyholders subject to this plan shall receive an on-site safety inspection, provided by the Assigned Risk Plan, at no cost to the policyholder. The applicable credit or debit shall be based on the results of the on-site safety inspection, the recommendation(s) level for safety improvement and the employer's compliance with the recommendation(s).

Employers receiving Critical or Important Recommendations will receive a follow-up on-site safety inspection not less than sixty (60) days nor more than ninety (90) days following the issuance of the Recommendation Letter in order to confirm compliance with the recommendation(s). The credit or debit shall be applied at the time of the final payroll audit as follows:

<b><u>Recommendation Level</u></b>	<b><u>Disposition</u></b>	<b><u>Result</u></b>
Critical Recommendation(s)	Uncorrected	Cancellation
Critical Recommendation(s)	Corrected	10% Credit
Important Recommendation(s)	Uncorrected	5% Debit
Important Recommendation(s)	Corrected	5% Credit
Advisory Recommendation(s)	N/A	No Credit or Debit

---

The Recommendation levels are defined as follows:

- **Critical Recommendations** – These are recommendations related to a condition or practice creating a high potential for loss of life and/or severe bodily injury.
- **Important Recommendations** – These are recommendations related to conditions or practices that need improvement to make the risk more desirable from an insurance perspective, but do not create a high potential for loss of life and/or severe bodily injury.
- **Advisory Recommendations** – These are recommendations related to improvement to administrative functions and oversight, including the establishment of written safety programs and protocols.
