(MWCARP)  
Collection Services  
Request For Proposals  
("RFP")**

**Issued April 1, 2019**

Issued by

**Affinity Insurance Services, Inc.  
Plan Administrator - MWCARP**

**This RFP is a solicitation of interest to enter into a Collection Services Contract with the Plan and is not an offer to contract for any Plan Services. Any contractual arrangement between a Bid Respondent and the Plan will be subject to a written Collection Services Contract, the terms of which may differ from this RFP.**

## PART I. INTRODUCTION

The Minnesota Workers Compensation Assigned Risk Plan (hereinafter “Plan” or “MWCARP”) is the source of workers compensation and employers liability coverage for Minnesota employers who have been unable to secure such coverage through the voluntary market. In accordance with Minnesota law, coverage provided through the Plan is substantially the same as coverage available from licensed workers compensation insurance companies writing in the voluntary market in Minnesota.

Through this Request For Proposals (“RFP”) process, the Plan is soliciting proposals from collection services firms licensed and qualified to provide collection services in connection with the collection of insurance premiums generated by Plan policies. The Plan is seeking proposals from bill collection firms licensed and qualified to provide a full range of workers compensation premium collection services by pursuing delinquent accounts referred by the general administrative vendors (Servicing Carriers).

A qualified Bid Respondent must meet the requirements set forth in this RFP, and must possess sufficient professional, administrative, and personnel resources to provide the proposed premium collection services. In addition, a qualified Bid Respondent(s) will be required to utilize standards and procedures in the collection process that are applied equitably to accounts with outstanding debts.

The Plan contracts with general administrative service vendors, i.e. insurance companies or self-insurance administrators called Servicing Carriers, who issue policies in the name of the Plan, collect premiums, and provide claims handling, loss control, auditing, and other necessary services. The Servicing Carrier will generally pursue delinquent accounts where the uncollectible premium due is \$100 or more. This pursuit of delinquent premium accounts will not occur for more than ninety (90) calendar days from the last day of the month in which the final audit billing was sent, or 30 days from the date of the last payment received on the account. The Servicing Carrier will then place the uncollected delinquent account with the Plan’s designated premium collections vendor(s).

As authorized pursuant to Minnesota Statutes, Sections 15.061 and 79.251, subd. 4, the Minnesota Department of Commerce has designated Affinity Insurance Services, Inc., as the Plan Administrator of the Plan, effective September 15, 2018. In its role as Plan Administrator, Affinity is hereby issuing this Collection Services RFP soliciting proposals for Collection Services commencing July 1, 2019.

The Plan is not a state agency and is not subject to the laws, rules and procedures governing the issuance, approval or execution of a contract between a private party and an agency of the State of Minnesota. Minn. Stat, § 79.251, subd, 1(a)(4) (2008). **Any entity responding to this RFP must include an acknowledgment to such effect in its Cover Letter.**
